Dive Butler International, together with Finolhu, a Seaside Collection Resort, is proud to spotlight Mara Restelli – the Maldives' only certified PADI Mermaid Instructor Trainer.

With this rare expertise, Mara introduces a wave of exclusive experiences that invite guests of all ages to discover the magic of mermaiding, from playful beginner sessions to advanced courses and professional-level Instructor Development Courses (IDC).

“Mermaiding is more than a trend – it’s a joyful way to connect with the water, express creativity, and feel empowered,” says Mara. “I love watching guests find confidence, freedom, and pure fun in the ocean. It’s about transformation as much as adventure.”

As part of Finolhu’s marine offerings, PADI Mermaid programmes complement the resort’s vibrant diving and snorkelling activities. Guests can learn to glide gracefully underwater in a mermaid tail, capture unforgettable moments with professional photo sessions, or pursue advanced training that unlocks new skills and deeper connection with the sea.

By hosting the Maldives’ only PADI Mermaid Instructor Development course, Finolhu cements its place as a pioneering destination for unique and life-enriching ocean experiences.

Enchanting. Empowering. Exclusive.
