

CONNECTING PEOPLE, PLANET AND PURPOSE

DIVE BUTLER INTERNATIONAL JOINS THE CONSCIOUS TRAVEL FOUNDATION CHARITY AUCTION TO CHAMPION PURPOSEFUL TRAVEL

FOR IMMEDIATE RELEASE
DATE: OCTOBER 2025

Dive Butler International has joined forces with the Conscious Travel Foundation to support its annual Charity Auction, a global initiative uniting leaders across the travel industry to inspire a more mindful, regenerative approach to exploration.

Launching on 30 October 2025 and running until 13 November, the online auction features contributions from some of the world's most forward-thinking hospitality brands. All proceeds will fund the Conscious Travel Foundation's projects that empower communities, protect fragile environments, and encourage travel that leaves a positive legacy.

As part of this initiative, Dive Butler International has donated an exclusive underwater experience at Patina Maldives, Fari Islands. The winning bidder will enjoy a choice of either a PADI Scuba Diver Course for one person or four guided dives for certified divers, led by Dive Butler's expert instructors. Both options include full equipment and boat fees and reflect the company's ongoing mission to connect people with the ocean through care, education, and discovery.

Bidding closes on 13 November 2025, coinciding with the Conscious Travel Foundation's live event at The Lanesborough, London.

CONNECTING PEOPLE, PLANET AND PURPOSE

DIVE BUTLER INTERNATIONAL JOINS THE CONSCIOUS TRAVEL FOUNDATION CHARITY AUCTION TO CHAMPION PURPOSEFUL TRAVEL

“Our partnership with the Conscious Travel Foundation stems from a shared belief that travel can and should be a force for good,” said Alexis Vincent, Founder of Dive Butler International. “By inviting guests to explore the underwater world with purpose and respect, we hope to inspire lasting appreciation for the ocean and its delicate balance.”

The diving experience is paired with a luxurious three-night stay at Patina Maldives, where guests can immerse themselves in the resort’s pioneering blend of art, architecture, and sustainability.

ABOUT THE CONSCIOUS TRAVEL FOUNDATION:

The Conscious Travel Foundation is a global community of travel professionals dedicated to reshaping the way the world travels. Through collaboration, education, and fundraising initiatives, the Foundation empowers individuals and organisations to protect destinations, uplift communities, and ensure that travel benefits both people and planet.

ABOUT DIVE BUTLER:

Dive Butler are pioneers in the field of true luxury diving, providing private, personal scuba diving guides and instructors to super yachts, charter companies, luxury 5 Star resorts and individuals across the world. Dive Butler’s objective is to provide safe, seamless, luxury scuba diving services to new, beginner and experienced scuba divers alike, in an atmosphere of trust, focusing strongly on service, safety, environmental awareness and conservation. This is achieved through highly specialised professionals and by using our JUST DIVE™ Brand Promise Standards
